BRIEF ABSTRACT OF LETTER.

Proposes starting a monthly for dissemination of the News relating to Cooperative matters & requests a Govt subsidy of $500 for annum for 3 years thereafter.

NOTES AND ORDERS.

1 The Journal is to be a bilingual monthly. It is expected that it will be self supporting in 3 years. The Registrar states that the first Inspector P. Subba Rao

has undertaken the responsibility of editing it under the directions of the Registrar

It is further stated in para 4 of the letter that each Society will be obliged to subscribe for the Journal at a cost of Rs 2-8-0 a year. Some of the poorer Societies could hardly meet this demand on their slender purse. out of 70 Societies entered in the last annual report nearly 47 have no reserve fund at all. In these circumstances how can they be compelled to take at what is to them a costly publication. In this interest of the Journal it is respectfully held may be given free to all Societies at least for 3 years - till the movement gets deep rooted. Recently it has to be observed that if the Madras Journal is a quarterly it being the need of a Provincial copy which

is at the head of Co-operative movement in India. It is then for consideration whether Govt needs a monthly or could find enough matter continuously for a month after month for publication therein. It would perhaps meet the present needs of the movement in the province to begin with a quarterly & feel how it is received.

2. If the proposal is sanctioned an additional provision will have to be made in the Registrars budget

4/5
29/4/11

3. The scheme has much to commend it and if it succeeds would be a desirable asset. The Registrar's proposals may therefore be sanctioned. It is perhaps too much to expect the journal to become a monthly all at once. It may start more modestly as a quarterly & the letter press being proportionately increased.

6. The Govt Gazette is published only in Kannada while the Cooperative bulletin is proposed to be issued bilingually. Difficulties abt editing may also stand in the way of the amalgamation. The bulletin would appeal to Societies and its members particularly rather than to the masses generally while the Govt Gazette is meant for all. Masses have yet to be educated in Cooperative matters & members who have already received the benefits of Cooperation must directly and the Societies too have special benefit the bulletin in the first place only. Both will not be found worth much general interest to a mere on looker from the outside. At all events it seems desirable at the outset to keep the bulletin separate and then gradually blend the two heads & means & then completely fuse them into one.

7. The Madras Bulletin is just up. It is priced only Rs 1-8-0 per annum. So the higher journal would also seem susceptible of a reduction in price. It may be reduced to Rs 1-8-0 or even less.

Now that it is resolved to have a quarterly the annual allotment of 500/Rs seems also capable of reduction.

8. The Financial Branch will also have to consulted.

"Paper under disposal"

In his letter No.975/308 dated 15th April 1911, the Registrar of Co-operative Societies strongly recommends the starting of a monthly journal in aid of the Co-operative movement in the Mysore State. In requesting the sanction of Government, he suggests that an annual grant of Rs.500 may be made for 3 years to meet the cost of publication.

Pa. 5 & 6 - c.n. notes.

2. The Financial Secretary has noted that there is no financial objection to the Registrar's proposal.

Pa. 6 of dc.

3. Both the Councillors are of opinion that a publication may be started as proposed by the Registrar, but that it may be a quarterly instead of being a monthly issue.

4. In Madras a publication of the kind proposed for Mysore is issued every quarter, and this would probably be sufficient here also. Whether it would make any difference in the estimated cost would depend upon the size of the journal.

Office of the
Registrar of Cooperative
Societies in Mysore

Dated, Bangalore, 15th April 191

From.

M. Shama Rao, Esq., M.A
Registrar of Cooperative Societies, in
Mysore.

To

C. S. Balasundaram Ayer, Esq. B.A.
Offg. Secretary, to the Govt. of H. H. the
Maharaja of Mysore, Genl & Rev. Depts.
Bangalore.

Sir,

I have the honor to submit for the favourable consideration of Government and early sanction, the following proposal for starting a monthly journal in aid of the Cooperative movement in this Province.

2. The number of societies in the province has been gradually increasing and as against 70 at the commencement of the year, there are 110 societies now on my list. With the steady development of the Bangalore Central Cooperative Bank.

Bank Ltd. which is the chief financing agency for the cooperative societies, the agriculturists of the Province have commenced to appreciate the benefits of combination to manage their own affairs and are showing themselves eager to avail the benefits of the Cooperative Societies Regulation. The fears that the repeal once entertained about the risks of centralized liability are gradually wearing off and the starting of such societies does not now present such great difficulties as were experienced a few years ago. With the increase of societies, there is greater demand for supervision and constant instruction in cooperative methods of work appears to be the only means of keeping these societies in an efficient condition. With the limited inspecting staff now at my disposal, the work of instruction can at best be carried on only to a very small extent. To supplement the personal instructions given

by the departmental officers in their tours, I propose to start a Cooperative Journal to be published every month in English and Kannada. The more advanced societies such as those in Bangalore and Mysore and generally the societies at District Head Quarters will find instructive matter in the English portion of the Journal while the Kannada portion intended more particularly for Taluk and village societies will be a means of educating the village folk from the elementary stages onwards. The Journal will be a departmental organ for the publication of circulars and reviews of reports, proceedings and Balance Sheets of each society every month. Each society will thus have the means of avoiding the blunders condemned in another society or of imitating the good example set by a sister institution. Besides the above objects which the Journal is intended to serve in the first instance it will enable the department to keep these

useful movement constantly before the public and this, in my opinion, is necessary till such time as real private enterprise will readily come forward to take it entirely from the hands of Government.

3. I have placed this scheme before several gentlemen who have evinced interest in the Cooperative movement and I enclose a list of names of those who when I depend to keep the journal going by contributing articles in English and Kannada from time to time and doing the work of reading proofs etc - Systematically as a labour of love. My first Inspector Mr. P. Shiva Rao, who has readily undertaken the work of editing the Journal under the direction of the Registrar, is by his knowledge of Cooperative literature and enthusiasm for the movement, fully competent to perform this work which, I believe, will give a very

healthy impetus to the movement in this Province.

4. According to estimates which two independent publishers have furnished me, a sum of Rs 500/- a year would be sufficient to meet the cost of the publication. I intend to make the journal self supporting in time and hope it will be found practicable before long. But to avoid temporary financial difficulties especially in the first stages, inter-fering with this useful scheme, I request ~~that~~ the Government to be graciously pleased to sanction Rs 500/- a year for a period of 3 years in aid of this journal. The Journal will be sold to the public at Re 2-8-0 per annum - post free - and each society in the province will be obliged to subscribe for one copy. The entire proceeds will go to Government and will probably recoup the whole of the Government advance.

5. For the above reasons, I request the sanction of Government for the proposal which in my opinion, will be useful to the development of the Co-operative movement in the Province.

I have the honour to be,

Sir,

your most obedient servant

Sd. Shamanna.

would appear all information pertaining to the movement as well as the Departmental circulars, reviews & reports, proceedings & balance sheets of each Society & to price it at Rs 2-8-0 per annum is a desirable one & commends itself to favor. Some however think that the subscription fixed for the Journal viz Rs 2-8-0 is rather high & are of opinion that a beginning may be made by issuing the Journal quarterly instead of monthly, at all events, for the present. Some are pleased to suggest Rs 1-8-0 or 2 Rs per annum
